Celebrations all the way!

August was a month of celebrations, creativity, and learning across ADMS and all Asha Deep Centres. The classes were filled with joy and colors as students celebrated Independence Day with patriotic spirit, proudly expressing their love for the nation through songs and cultural performances. 🎉 The festive spirit continued with the vibrant celebrations of Janmashtami and Rakshabandhan, where devotional songs, traditional rituals, and cultural activities created an atmosphere of unity, energy, and happiness. 🌸🌟

Asha Deep children actively collected and recycled plastic waste, spreading awareness on sustainability and contributing to a cleaner, greener environment.

Adding to the month's excitement, ADMS hosted a Master Art Colouring Competition and a Patriotic Song Competition, giving children an opportunity to showcase their talent and creativity. To support their academic journey, full-scap books were also distributed among the students. Together, these celebrations and initiatives reflected the perfect blend of cultural richness, creativity, and commitment to education at our Centres.

Scholarship Distribution Program 03

This ceremony was held at Sayaji Nagar Gruh, where 410 students received scholarships worth ₹32 lakhs in all. This support will help deserving students continue their education and pursue their dreams.

Here, Mrs Surekha Grover, from SudChemie received Best Donor Award from MI Apex

A Health Check-up Camp was organized by Vadodara Smile Foundation, ensuring students' well-being and spreading awareness about healthy living.

Upvan 5 & 6 – Growing Green Together

Under the Upvan 2025 initiative, two new Urban Pocket Forests—Upvan 5 at Chitrakut Society, Channi TP 13 and Upvan 6 at Tarangan Society, Opp Sayaji nagar Gruh, Akota—have been developed in Vadodara using the Miyawaki method. Together, these thriving spaces add thousands of native saplings to the city's green cover, enriching local biodiversity, supporting pollinators, and offering residents a natural refuge. With every Upvan, we move closer to our mission of creating cooler, healthier, and more sustainable neighborhoods across Vadodara.

Sarees for Teachers & Prizes for Students!

Smt. Leena Desai graciously gifted sarees to Asha Deep teachers and volunteers as a token of appreciation.

🌸 Heartfelt Thanks to the Students of Cygnus School who distributed prizes to regular, academically strong, and overall well-performing students. This thoughtful gesture brought smiles, encouragement, and motivation to both teachers and students. ✨
